

3 WAYS HOW
CARE4TRAINER
CAN HELP YOU
EARN MORE

FOR TRAINERS

ABOUT CARE4TRAINER

CARE4TRAINER is an advanced program 4 months to assist trainers in basic understanding of concepts and help them generate more leads and content.

This program demands a trainer to be open minded towards learning and implementing in practical life. This program can give you heights to your personal training career.

Mode 1

Comission for leads on lifestyle programs

- 1. You need to build a portfolio as your personal brand. Along with it, we will help you to create content that can be marketed**
- 2. You need to identify appropriate clients who are interested for lifestyle transformation and refer them to our programs. You will train them as trainer and a nutritionist will be assigning diets. A doctor if there is any medical condition.**

Mode 2

Online and Offline Events

- 1. We will be helping you to create content and stay active in social media. This will help you create your personal brand along with personal portfolio.**
- 2. We actively conduct in online and offline events which is done on weekly and monthly basis. Offline events also extend to schools, corporate programs and other events where you can participate as a guest/volunteer/speaker/manager according to your contribution and interest.**

Mode 3

Healthcare Manager/ Ambassador

- 1. Healthcare Manager-** You can act as a manager for any of our healthcare programs in part-time and earn commission based on the work or leads.
- 2. Ambassador-** We select 2-5 brand ambassadors in a specific city (according to population) for Level 3 Partners who are very close to us who get special recognition and new business models for them.
